Long Story Short:
The Andrew Ditch Timeline Project
Year: 2025

2025 January 2 - Andrew had a phone conversation with his father, Tom, and mother, Jan (Video Link). He spent much of the call listing items he wanted them to buy or bring to him from their home in Tonawanda, NY, which was over two hours away.

2025 January 4 - Andrew made a YouTube post documenting two sores on his lip, which he claimed were "herpes" (Link / Archives: 1, 2 / Screenshots).

2025 January 5:

- Diane Davignon, Andrew's aunt and former advocate, passed away (Obituary / Archive). It would take several days before the news reached the Ditch family, as Tom and Diane had severed contact years ago.

  Please note: For more on Diane and her attempts to help Andrew, see August 2018 - April 2019 in the timeline.

- 9 PM - While on a phone call with Andrew, Tom discovered that the $700 intended to pay Andrew's rent was missing from Andrew's account (Video Link, Timestamp: 6:22). This video also marked the first mention of Nicole Grega, a Royal Home Health Care (informally: "Royal") caregiver of Andrew's who would later become significant (Video Link, Timestamp: 4:29).

2025 January 9 - Andrew had two phone calls with his parents, during which he discussed his bathroom habits in graphic detail and spoke in a childlike manner (Video Links: 1, 2). In the call with Tom, Tom expressed disinterest when Andrew spoke at length about how his home health workers put his diaper and pants on for him (Video Link, Timestamp: 14:23). In the call with Jan, she displayed overt annoyance when Andrew began talking about tornadoes (Video Link, Timestamp: 5:55) and his bowel movements (Video Link, Timestamp: 4:31):

Andrew: *I was constipated the past few days [...] so, I ended up trying to go to the bathroom and, um, I kind of, like, tried forcing it out like pushing out my baby and [...] it was not, um, easy [...] it also, it didn't smell like it would normally when I'm constipated 'cause normally it smells pretty bad […] I smell pretty bad when I go, don't I?*
Jan: *Yes… you do.*

2025 January 10 - Andrew informed his father of Diane's death via phone call in an insensitive manner (Video Link, Timestamp: 1:20):

Andrew: *So you're- so, are you gonna go to see Diane, your sister?*
Tom: *Well, first of all I gotta know where she's at. I heard she's gonna be-*
Andrew: *Amigone. [The name of a local funeral home.]*
Tom: *How do you know that?*
Andrew: *It's all over Reddit, my cyberbullies posted it.*

2025 January 12 - In several YouTube posts, Andrew shared the contact information of several extended family members and stated that he had been sexually abused by his half-brother, Michael (Link / Archive).

Please note: Many of the claims made by Andrew in the above YouTube posts are unverified as of the publication of this portion of the timeline.

2025 January 13:

- An Adult Protective Services (APS) assessment noted that on this date, Andrew's primary care physician, Dr. Hover, recommended a "Neurosych. Evaluation" to determine his eligibility for services (Archive / Screenshot). Andrew refused to consent to this evaluation, claiming he lacked capacity to do so.
- Andrew changed the name of his YouTube channel, Trolling Danny (@Trollingpoopsquash), to Michael Ditch Is a Bully!
- (Exact time unknown) - Daryl, an APS worker, was present at Andrew's residence (Video Link), likely for a phone conference, where APS informed Andrew that they had determined he did not need a guardian (Video Link, Timestamp: 1:43).
- 4 PM - Andrew left a voicemail for his father stating that he planned to throw out all of his belongings and would be living on "the streets" beginning February 1st (Video Link). He later spoke to Tom over the phone twice, saying that he was upset because Tom did not want to become his guardian (Video Link, Timestamp: 0:50). Andrew concluded the second call by shouting, "*Fuck you, Dad!*" (Video Link, Timestamp: 1:55).
- 8 PM - Andrew made the following YouTube post (Archives: 1, 2 / Screenshot):

> Andrew: *Oooooh! So, I choose not to take care of myself? I got-*
> Jamie: *Correct.*

  The call with Jamie ended abruptly, with Andrew stating that he had broken his tablet and earmuffs and would be running away. However, he followed this call with additional calls (Video Links: 1, 2) until he spoke with a Crisis Services supervisor (Video Link, Timestamp: 2:21).

- 11:01 PM - Andrew called Crisis Services and spoke to Jamie again (Video Link, Timestamp: 9:19), who would not humor his attempts at manipulation and coercion (Video Link, Timestamp: 12:09):

> Andrew: *You say I fake. You can't cherry pick. You can't choose- wh-*
> Jamie: *You cherry pick what you listen to, you cherry pick what you decide to do, you cherry pick your decisions, that's the story of your life.*
> Andrew: *That's why Andy's layin' in the snow and you can't do shit about it because you say I fake.*
> Jamie: *Yep. Yep. 'Cause Andy made the decision to walk out the door and Andy made the decision to sit in the snow.*
> Andrew: *And if I get hit by a car or-*

2025 January 27 - During a phone call, Tom refused to be Andrew's guardian, do his shopping, or attend an upcoming appointment (Video Link, Timestamp: 16:51). After Tom ended the call, Andrew stated that he would run away because he couldn't "*handle this shit*" (Video Link, Timestamp: 32:30).

He made one further attempt (Archives: 1, 2 / Screenshot) to deceive his viewers before admitting that he had been at the same location all along (Archives: 1, 2 / Screenshot).

2025 June 7:

- Andrew Ditch turned 40 years old.
- Andrew Ditch: The Poopsquatch 2.0 announced the completion of Long Story Short: The Andrew Ditch Timeline Project (Video Link / Archive).

2025 June 8 - Andrew, who claims to be allergic to shrimp, took issue with the fact that Tony, a caregiver, had prepared a meal containing shrimp for Andrew's roommate (Link /

Screenshots). Andrew also said that on this day or the June 9 (unclear), Jamie, an administrator at Royal, told him, "*The only reason why Nicole and staff test my blood sugar is because I force them to by fear of meltdown*."

2025 June 9 - Andrew had another incident involving Tony and Jamie. Andrew stated, "*I get so mad and cry. I was sad. I went run away*" (Link / Screenshots).

2025 June 12 - 17 - Reddit user RosechusPickle communicated with Nicole via Facebook, telling her that Andrew had never been diagnosed with autism and warning her about Andrew's history of "*wanting children in an inappropriate way*" (Link / Archive / Screenshots). Encouraged by Andrew (Video Link, Timestamp: 7:13 / Archive), Nicole attempted to refute these claims, stating that she would send Andrew's medical records to RosechusPickle to prove that he did have autism (Link / Archive / Screenshots):

> "*I will send you medical records tomorrow stating he has autism [...] I don't feel he needs to prove anything to anyone, but I will send them*."
>
> *Please note: Andrew's texts to Nicole show that Andrew has the ability to emotionally manipulate others through provocation: "You can brag about their failure," "Tease them real bad"* (Video Link, Timestamps: 7:50, 8:01 / Archive)*. This is not something an individual with an intellectual disability and autism (level 2 or 3 - Andrew has claimed both) would be able to do successfully, let alone explain to another person.*

2025 June 15 - Andrew indicated that he had a tantrum after Tony prepared shrimp again, overcooked macaroni and cheese, and served him soggy tater tots (Link / Screenshots):

> "*I ate the soggy tator tots [...] Over cook Mac and cheese or noodles I meltdown because I gag on that texture..love Mac and cheese."*

Andrew also believed that Tony was not caring for him adequately (Link / Screenshots):

> "*He actually check if I was wet at 11 AM. He also wash my back and butt crack in the shower that morning without me asking. I need more help with the back and full butt not just my crack. He went in way more than Nicole does. I said it bother me because I had a small rash.*"

Andrew then claimed that he spent the day at a school playground and did not return to his residence until "*after my diaper leaked out*" (Link / Screenshots).

2025 June 16 - 17 (Approximate) - Andrew had a conversation via text with a caregiver named Sybil (Link / Screenshots). In these texts, Andrew stated that he had urinated on the bed and couch and that someone at Royal had told him that Sybil was afraid of him.

2025 June 17 - Andrew created a new YouTube channel, Amazing Andrew Ditch Autism Life Story (@aditchautism), and uploaded his response to the Andrew Ditch Timeline Project (Video Link / Archive).

2025 June 18 - Andrew reuploaded a children's step-by-step guide to crossing the street (Archive) **and a video of Shrek farting** (Archive) **to his YouTube channel.**

2025 June 19:

- 11:13 AM - RosechusPickle made a post on Reddit stating that he had decided to contact Royal regarding his conversation with Nicole (Link / Archives: 1, 2 / Screenshot). He also wrote, "*when I called Royal, they knew all about Andy and Nicole. It's a whole thing*."
- 3:40 PM - RosechusPickle informed Reddit that he had been contacted by Royal, who "*found that what [Nicole] did was a HIPAA violation*" (Link / Archive / Screenshot).

2025 June 21:

- 4 AM - Andrew confirmed in a Facebook post that Nicole had been fired from Royal Home Health Care for sharing his medical records online (Link / Screenshot).This post also marked the first documented instance in which Andrew directly blamed autism for causing his obesity (Link / Screenshot):

  > "*I said I am not lying about feeling hungry when I am not able. Just like I can't feel full. The same reason why my autism makes me fat as I need help with portions control and everything.*"

- 11 AM (Approximately) - Andrew had a tantrum during a phone conversation with Royal administrator Jamie. During the call, he threatened to cook on a stove and potentially start a fire (Video Link, Timestamp: 22:17 / Archive), said he would call an ambulance when Jamie attempted to talk him through changing his diaper (Video Link, Timestamp: 20:50 / Archive), and stated that he would go to a neighbor's home for help because Jamie was "abusing" him (Video Link, Timestamps: 23:47, 30:45 / Archive). The call also included Andrew claiming that he suffered from "time blindness" (Video Link, Timestamp: 17:54 / Archive):

  > Jamie: *You know how to tell time.*
  > Andrew: *I can not tell time! I cannot tell time. I am time blind. Okay?*
  > Jamie: *Andrew… come on. […] You know what time it is if the caregiver is not there on time, you know that. You call and say, "Oh they're not here-"*

- 4 PM - Andrew made three YouTube posts: one in which he informed viewers that he had urinated on his bed (Link / Archive / Screenshot), another in which he stated that Royal only hired "*fat and father less whores with no empathy and social skills*" (Link / Archive / Screenshot), and a third in which he shared diaper fetish art (Links: 1, 2 / Screenshot):

Not long after making the above posts, Andrew deleted his YouTube channel, Amazing Andrew Ditch Autism Life Story (@aditchautism).

2025 June 26 - Andrew made a post in the Facebook group Urinary/Fecal Incontinence, ABDL Enthusiasts, and Adult Diaper's, stating, "*I don't understand why people here post pictures of their diaper and wearing a diaper*" (Link / Screenshot).

2025 June 28:

- 12 AM (Estimate) - Andrew left a comment on Facebook discussing D.T. and how Andrew saw him as "*like a big brother to me*" and that "*age does not matter to me*" (Link / Screenshot).
- Exact Time Unknown - Andrew called Royal Home Health Care and spoke with Jamie (Video Link, Timestamp: 8:00 / Archive) demanding to know why it was not acceptable for him to invite an 11-year-old boy (referring to D.T.) into his bedroom (Video Link, Timestamp: 15:24 / Archive):

  Andrew: *What's the reason?*
  Jamie: *Because a grown man should not have an 11-year-old boy in his room.*
  Andrew: *What's the reason for that? If I have supervision and he has supervision.*
  Jamie: *Because I think it's an inappropriate situation.*

- 6 PM - During a phone call with his father (Video Link, Timestamp: 13:16 / Archive), Andrew claimed that, while playing games online, an unnamed 12-year-old friend of D.T.'s used sexual innuendo in Andrew's presence (Video Link, Timestamp: 32:44 / Archive). Andrew then feigned ignorance, prompting the 12-year-old to explain to Andrew what he meant:

  > "*And I found out he was only 12, that kid, and he was talking sexual. He knew words that I didn't even know. And I said, 'Please don't talk like that' [...] Yes. I mean, some people have some sick minds even at 12 years old. But I don't even have the language that that kid had. I don't even know what 'milk' is and stuff like that. 'Did your dad milk you? Did you milk it? Did you get milked yet?' And I don't know what that stuff is. And then he told me what it was. And I'm like, 'Dude, you're gross.*'"
  >
  > *Please note: Andrew's June 28 call to his father was featured in two separate videos: "I speek the truth [...]"* (Video Link / Archive) *and "I am standing up to RN [...]"* (Video Link / Archive)*. In "I speek the truth [...]," the section in which Andrew spoke of how a 12-year-old explained sexual innuendo to him is missing. However, in "I am standing up to RN [...]," it remains intact (Timestamp: 32:44). This implies that Andrew was aware something was wrong with their conversation and edited this section out so that viewers would not know it had happened. The section likely remains in "I am standing up to RN [...]" because Andrew forgot to remove it.*

2025 June 29:

- 10 AM - Andrew called Jamie once again, berating and swearing at her because he believed he was not receiving the level of care he needed (Video Link / Archive). At the end of the call, Andrew "ran away" from his residence and called 911 (Video Link, Timestamp: 8:13 / Archive).

  > Please note: *The name Bryan Aydelott, a man diagnosed with schizophrenia who killed his mother but was found not guilty by reason of insanity, appeared in Andrew's recent Google search history* (Video Link, Timestamp: 3:39 / Archive).

- 7 PM - Andrew spent approximately 20 minutes asking Microsoft Copilot whether it was acceptable for him to play games and hang out with an 11-year-old boy (Video Link, Timestamp: 15:17 - 36:24 / Archive). He further indicated that he remained in contact with D.T. and continued to play Fortnite with him (Video Link, Timestamp: 46:33 / Archive), and also claimed, "*There are plans that I will be living with [D.T. and his family] at some point. Not anytime soon, but when they get a house*" (Video Link, Timestamp: 42:07 / Archive).
- In a *B&B's* video, Joe briefly addressed Andrew's recent behavior around children (Video Link, Timestamp: 16:00 / Archive).

2025 June 29 or 30 (Late Night, Exact Time Unclear) - Andrew replied to a post Nicole made on June 13, referencing her past drug use and stating that he wanted her to be his guardian (Link / Screenshot).

2025 June 30 - Andrew's caregiver, Sybil, left abruptly after changing his diaper (Video Link, Timestamp: 0:00 / Archive) **prompting Andrew to throw a tantrum, throw away his medications, rip up his diapers, and empty his soaps onto the floor** (Video Link, Timestamp: 1:00 / Archive). Andrew later exchanged a number of text messages with Sybil, who repeatedly reiterated that an administrator had told her "*to leave at 6:35 because they didn't want to pay overtime*" (Video Link, Timestamp: 10:33 / Archive). Later that evening, Andrew learned in a phone call that Sybil had left because she "*was afraid*" (Video Link, Timestamp: 6:17 / Archive), information that contradicted what Sybil herself had told him. Andrew continued to contact Sybil as late as 10 PM that night, sending her bizarre, barely coherent messages demanding to know why he had been told that she was afraid of him (Video Link, Timestamp: 11:00 / Archive).

2025 July 1:

- 12:25 AM - Andrew reuploaded a video from May 2021, showing his mother after she suffered a fall (Video Link / Archive).This video was accompanied by a TTS-read monologue alleging that Tom did not take care of Jan and offering excuses for why Andrew did not help her up after her fall (Video Link / Archive).
- 12:35 AM - Andrew uploaded a phone call he made to Crisis Services in which he attempted to have himself 302'd (Video Link / Archive).
- 2 AM - Andrew was seen at UPMC Hamot (Video Link, Timestamp: 26:34 - 26:50 / Archive / Screenshots: 1, 2, 3, 4). Emergency department notes from this visit reference his June 30 tantrum:

  > "*One of the patient's caregivers left early [...] He then had a behavioral outburst that was concerning to staff and he was brought to the emergency room [...] During his emotional outburst patient tore up and throughout [sic] his diapers, pill packs, and poured lotion on the floor.*"

- 11 AM - A UPMC Hamot telephone encounter indicated that Andrew "*no longer wants any help from us, he has thrown away all of his medications, nothing is helping him and he is getting frustrated. He said notes from the ER notes are not true*" (Video Link, Timestamp: 22:44 / Archive).

2025 July 5:

These reviews marked the start of Andrew using Google Reviews as his primary social media outlet. In the next month, he would repeatedly revisit his Royal Home Health Care reviews to post both updates and purposefully misleading information (Screenshots: July 27, August 6, 9, 12, and 17).

> *Please note: Reverse image search determined that the photographs of feces from Andrew's August 6 review update were obtained from elsewhere online.*

2025 July 20 - 26 (Exact Date Unknown) - Andrew left Google reviews for Countrywide Home Care and Comfort Care & Resources (Screenshots). In a later video, Andrew confirmed that Comfort Care "*accepted my case in July 2025*" (Video Link, Timestamp: 7:36 / Archive).

2025 July 29 - Andrew left reviews for four additional locations: Stairways Dual Diagnosis, Aspire Home Care, BrightStar Care, and Interim HealthCare of Erie (Screenshots).

Please note: It is highly likely that by leaving these additional reviews, Andrew was attempting to mislead his viewers as to where he was living and which homecare agency he was enrolled in.

2025 August (Exact Date Unknown) - Andrew was discharged from Countrywide Home Care for unclear reasons (Video Link, Timestamp: 0:43 / Archive).

2025 August 2 - Reddit user No_Transition2647 uploaded three photos of Andrew and an unknown woman at a Circle K gas station (Link / Archives: 1, 2 / Screenshots):

The letter explicitly stated that Andrew did not have autism, was mimicking the symptoms of autism, and had a diaper fetish (Archives: 1, 2 / Screenshots: 1, 2, 3, 4). The letter also asserted:

> "*While Mr. Ditch remained adamant that he required a guardian to make decisions on his behalf, throughout the APS investigation, he did not meet necessary requirements to even pursue this. Additionally, a guardian or group home placement was never promised to the adult by anyone from APS. To the contrary, APS had informed Mr. Ditch that guardianship was not being pursued [...]*"

2025 August 25 - Andrew left a Google review of Patti's Pizza where he described waking up "*in a poop diaper*" (Screenshots). He also stated:

Other Facebook users quickly warned group members that Andrew was not what he appeared to be.

2025 October 7 (Likely, Unconfirmed) - A concerned citizen recorded a phone call he made to the owner of Royal Home Health Care (Video Link / Archive). During the call, it was revealed that the agency was actively taking steps to prevent Andrew from coming into contact with children (Video Link, Timestamp: 1:31 / Archive):

> "*We specifically put only a caregiver that has no children with him […] Unfortunately, we're forced into this because if we don't service him, we could be in trouble.*"

2025 October 16 - In a *B&B's* video, Joe confirmed that Andrew had returned to Erie, PA, and that he had "*been actually really good*" during his visit (Video Link, Timestamp: 12:33 / Archive). Joe also explained why he and Tom allowed Andrew to visit (Video Link, Timestamp: 12:17 / Archive):

> "*And I know some of you are like, 'Well, why'd you do that?' It's because he's family. And whether you guys like him or not, we got to, uh, respect that he's family.*"

2025 October 20 - Andrew called 911 and spoke to a police dispatcher while attempting to walk to a police station to make a complaint (Video Link / Archive). 2025 October 22 - In a *B&B's* video, Joe mentioned that he had been receiving texts and "*nasty phone calls from people I don't know*" (Video Link, Timestamp: 6:10 / Archive). 2025 November 14 - Andrew uploaded a video in which he discussed how it was "normal" for a man to get an erection during a diaper change, stating (Video Link, Timestamp: 1:08 / Archive):

> "*[...] people on social media claim that I get off sexually when a female changes my diaper, wipes me clean, and helps me shower. Fact: this is not true [...] The fact is that it is normal for men to get erection with different touches and change in temperature like go from hot wet diaper to cool dry room air and is also a normal thing when your bladder fills and empties. This is also a fact with baby boys and diapers. This is not a sexual thing or something I enjoy. I have a medical need to wear diapers and be changed and washed.*"
>
> *Please note: This statement strongly implies that Andrew is speaking from personal experience, that this occurs with him, and that it has likely happened in the presence of a caregiver while the caregiver was changing his diaper.*

During their discussion, Tom reminded Andrew of a time many years earlier when Andrew had attended a "stag party" and drank alcohol to the point of being drunk (Video Link, Timestamp: 45:32 / Archive):

Tom: *Tell them you already got drunk once and you don't want to do it again. [Tom laughs.] Remember Mark's stag party, Andy?*

I only realized this when I got up to get water. [...] Playing fortnight made me forget to eat lunch. By time I realized I pee and poop my diaper, it was like 3 in the afternoon.*”

- 9 PM - Andrew stated that he had a “*Social Security meeting to be my own payee*” on December 9, during which he planned to repeat many of the things his cyberbullies had told him (he can shower and use the bathroom on his own, etc.) in order to become “*my own payee and to cut off my disability benefits*” (Archives: 1, 2 / Screenshot).
